Shower pleasure at one

Model No.6331830CP

Wall-mounted Thermostatic rain shower faucet
Finish: Chrome Plating

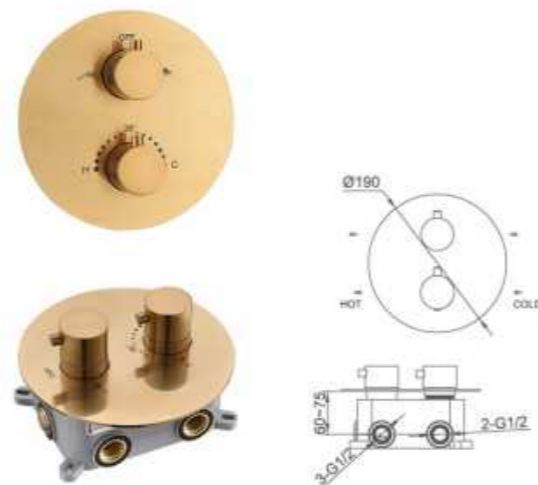

Wall-Mounted Thermostatic Shower Valve Series

Model No.6260301CP

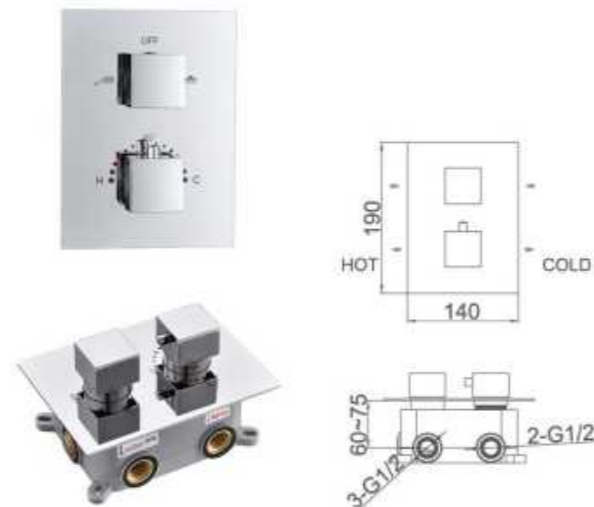

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6260301GB

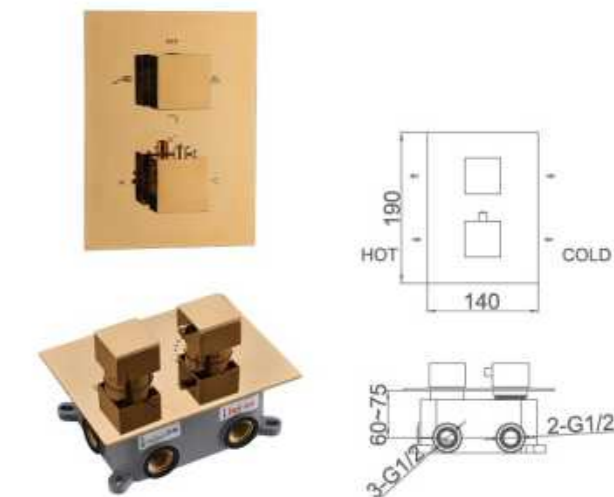

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Gold

Wall-Mounted Thermostatic Shower Valve Series

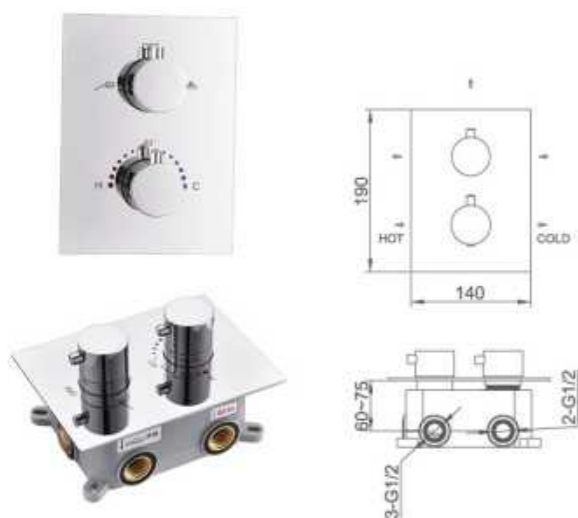

Model No.6260102CP

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

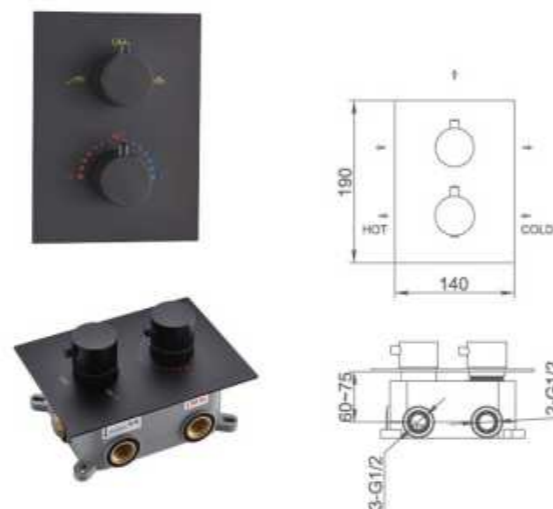

Model No.6360102GB

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Gold

Model No.6260101CP

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6260101MB

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Model No.6260501CP

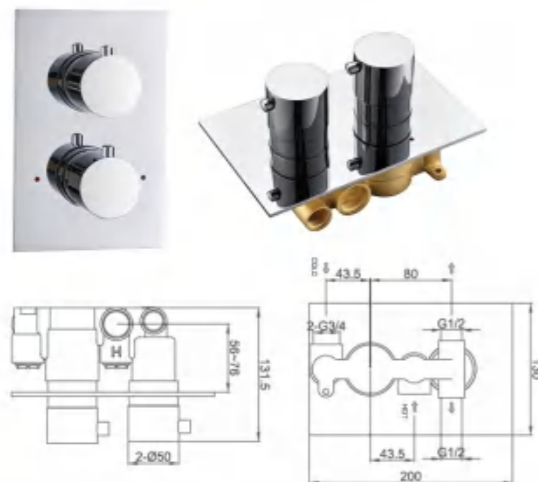

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6260502CP

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Wall-Mounted Thermostatic Shower Valve Series

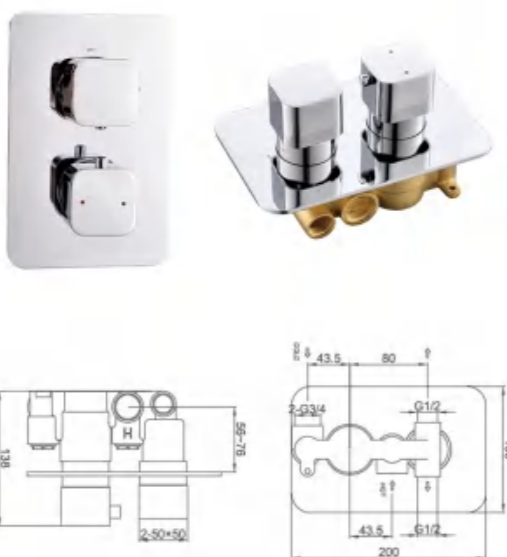

Model No.6201301CP

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6302301CP

Thermostatic Concealed shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6205303CP

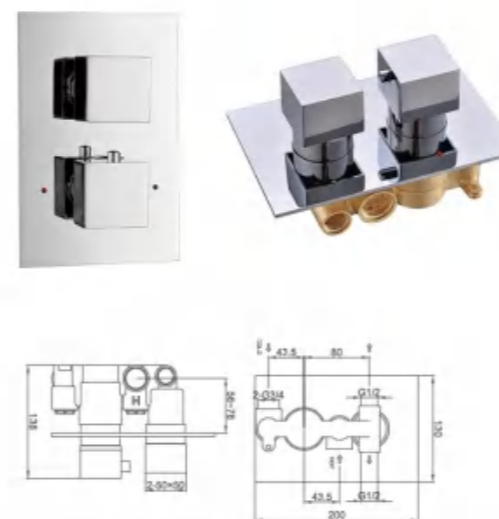

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6305303CP

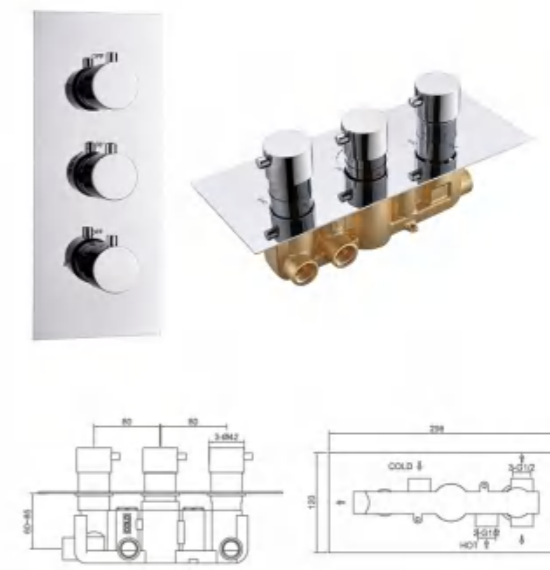

Thermostatic Concealed shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Wall-Mounted Thermostatic Shower Valve Series

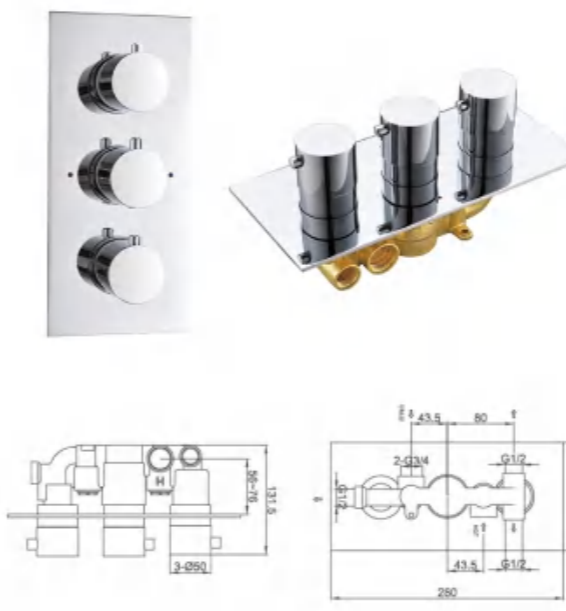

Model No.6201302CP

Thermostatic Concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

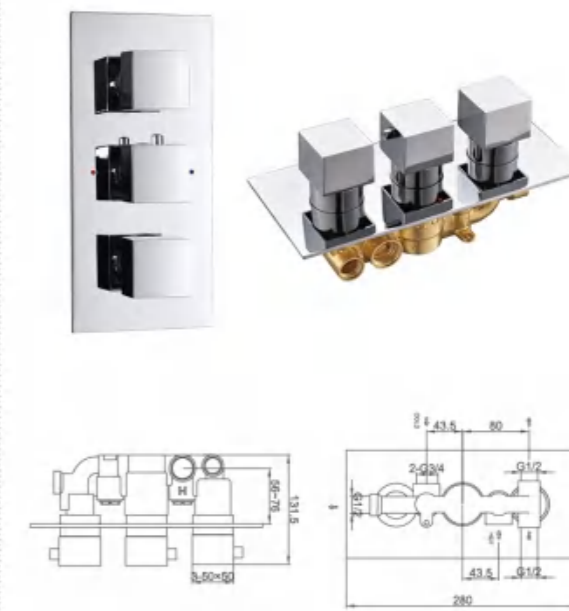

Model No.6301201CP

Thermostatic Concealed shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6301301CP

Thermostatic Concealed shower valve (3 functions)

Thermostatic Concealed shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Wall-Mounted Control Temperature Shower Valve

A high-quality product which combines extremely clean-cut design with comfort of use, for both homes and the hotel sector.

Hidden constant temperature control valve You can not feel hot at 40°C

Low pressure and large water flow Not too hot or too cold

SEPARATE PANEL

THERMOSTATIC CARTRIDGE

Cartridge is the heart of faucet and LESUN uses the top spool to design the faucet just like the tank -still work excellent no matter in whatever cruel constant conditions.

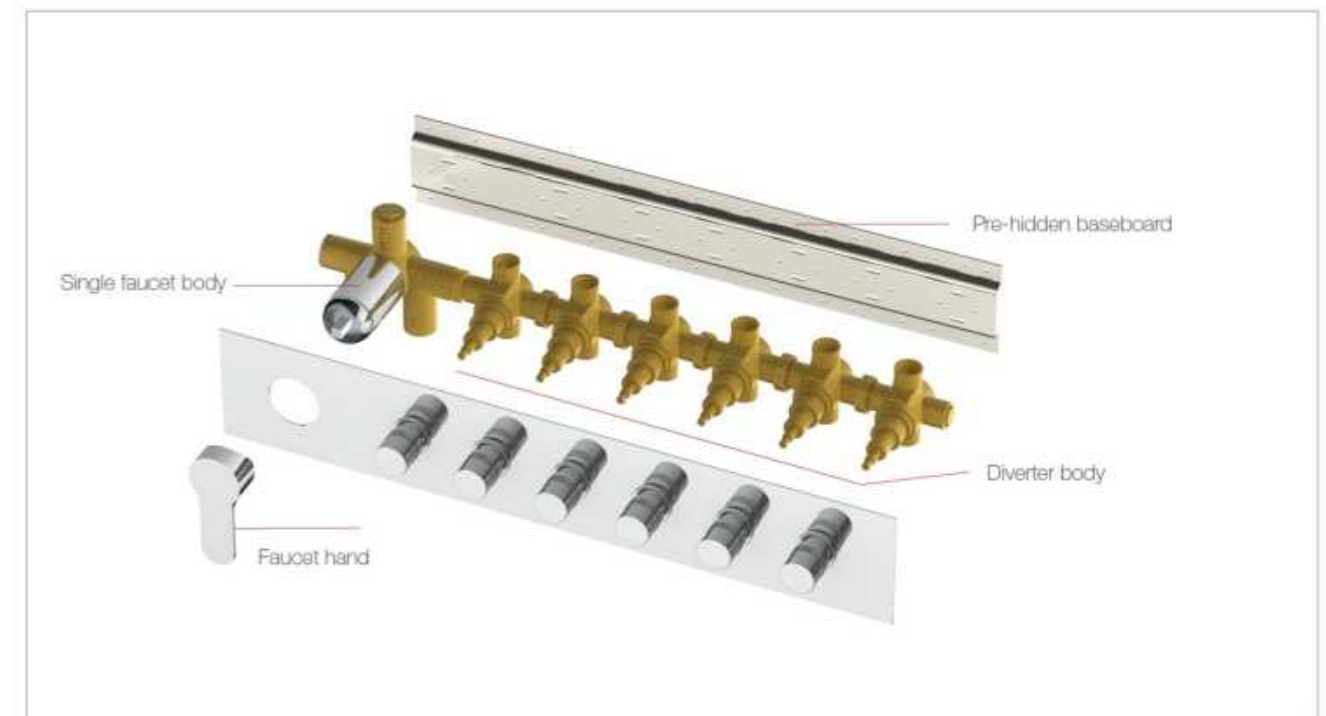

Hidden double-handle and double-control control valve(Multi-function)

Low water pressure, Large water flow

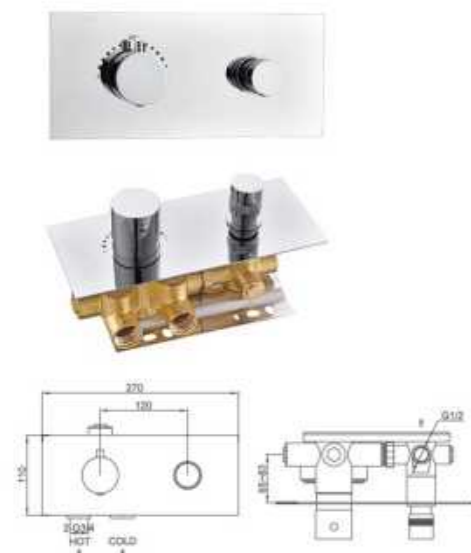

Hidden single-handle and double-controller control valve(Multi-function)

Low water pressure, Large water flow

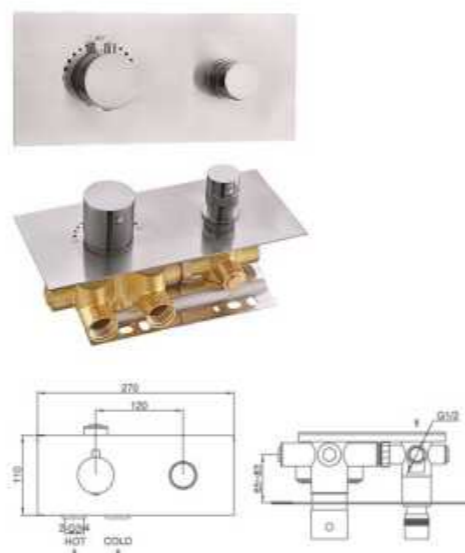

Wall-Mounted Control Temperature Shower Valve Series

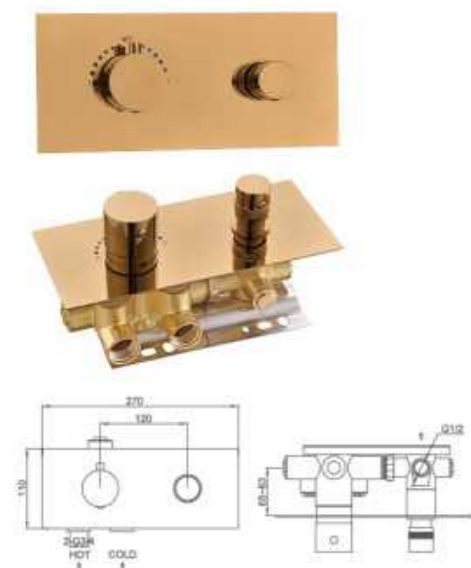

Model No.6131101CP

Thermostatic concealed rain shower valve (1 function)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6131101BN

Thermostatic concealed rain shower valve (1 function)
Installation: wall mounted , pre-installed
Finish: Brushed Nickel

Model No.6131101GB

Thermostatic concealed rain shower valve (1 function)
Installation: wall mounted , pre-installed
Finish: Gold

Model No.6131101MB

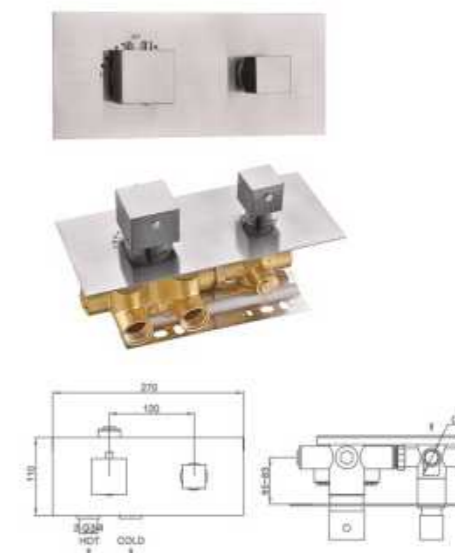

Thermostatic concealed rain shower valve (1 function)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Wall-Mounted Control Temperature Shower Valve Series

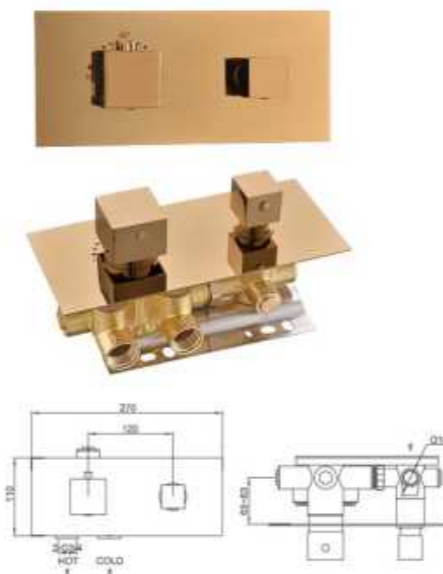

Model No.6131102CP

Thermostatic concealed rain shower valve (1 function)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

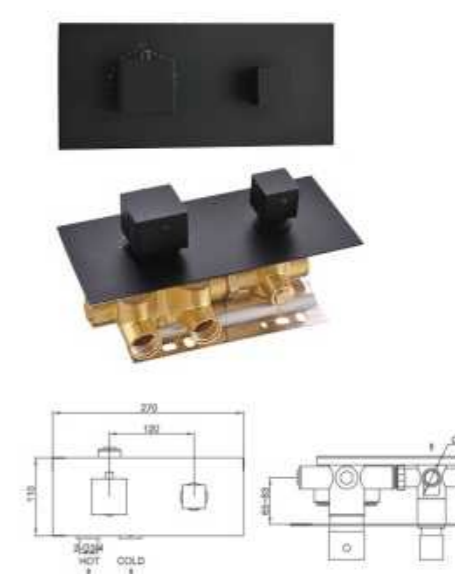

Model No.6131102BN

Thermostatic concealed rain shower valve (1 function)
Installation: wall mounted , pre-installed
Finish: Brushed Nickel

Model No.6131102GB

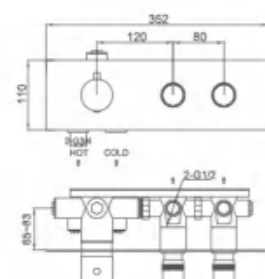

Thermostatic concealed rain shower valve (1 function)
Installation: wall mounted , pre-installed
Finish: Gold

Model No.6131102MB

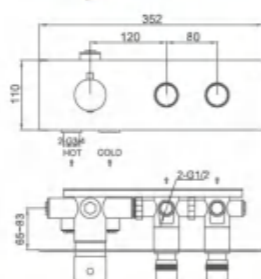

Thermostatic concealed rain shower valve (1 function)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Wall-Mounted Control Temperature Shower Valve Series

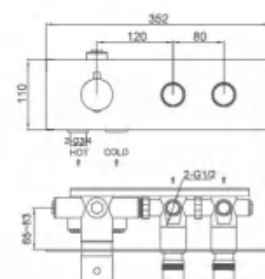

Model No.6231101CP

Thermostatic concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

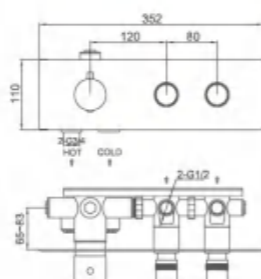

Model No.6231101BN

Thermostatic concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Brushed Nickel

Model No.6231101GB

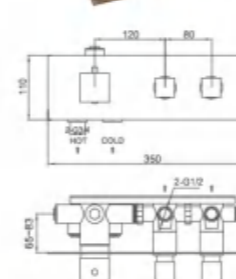

Thermostatic concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Gold

Model No.6231101MB

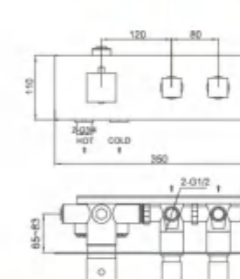

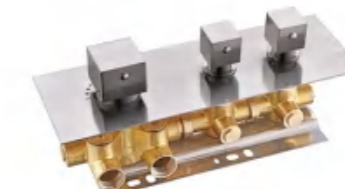

Thermostatic concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Wall-Mounted Control Temperature Shower Valve Series

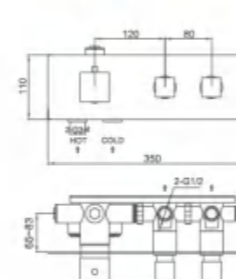

Model No.6231102CP

Thermostatic concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

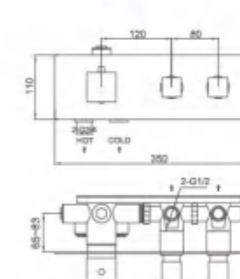

Model No.6231102BN

Thermostatic concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Brushed Nickel

Model No.6231102GB

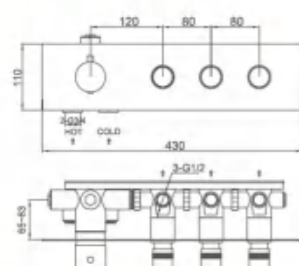

Thermostatic concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Gold

Model No.6231102MB

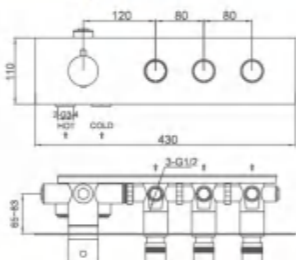

Thermostatic concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Wall-Mounted Control Temperature Shower Valve Series

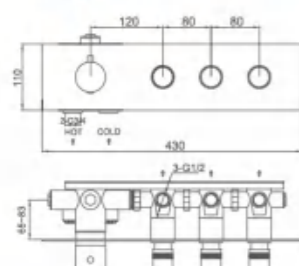

Model No.6331101CP

Thermostatic concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

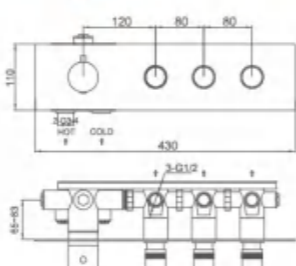

Model No.6331101BN

Thermostatic concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Brushed Nickel

Model No.6331101GB

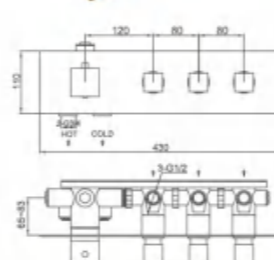

Thermostatic concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Gold

Model No.6331101MB

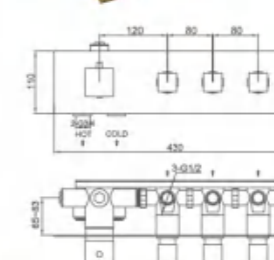

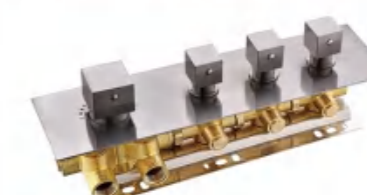

Thermostatic concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Wall-Mounted Control Temperature Shower Valve Series

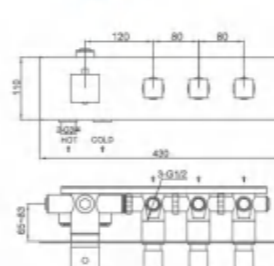

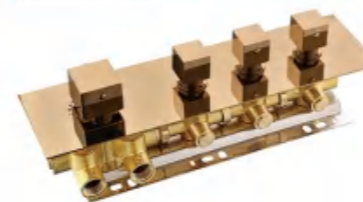

Model No.6331102CP

Thermostatic concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

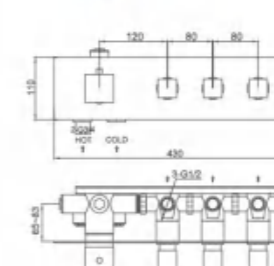

Model No.6331102BN

Thermostatic concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Brushed Nickel

Model No.6331102GB

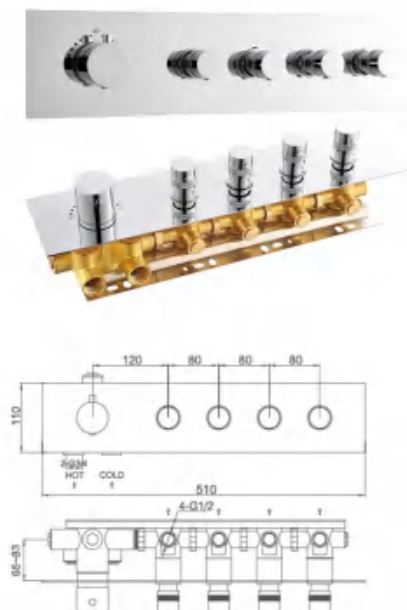

Thermostatic concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Gold

Model No.6331102MB

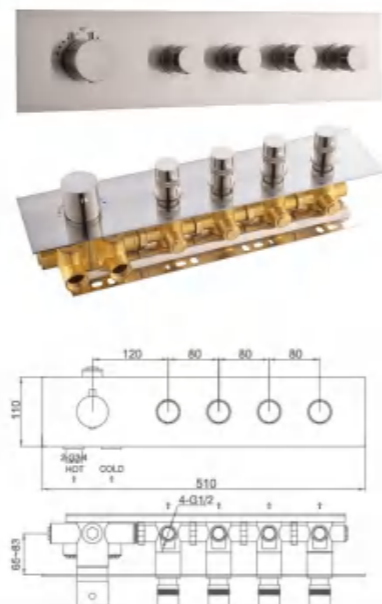

Thermostatic concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Wall-Mounted Control Temperature Shower Valve Series

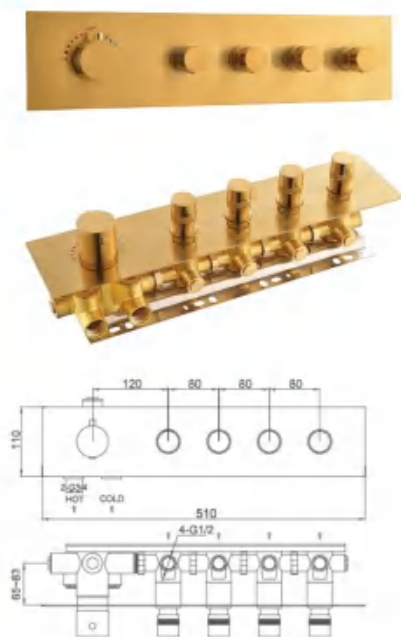

Model No.6431101CP

Thermostatic concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

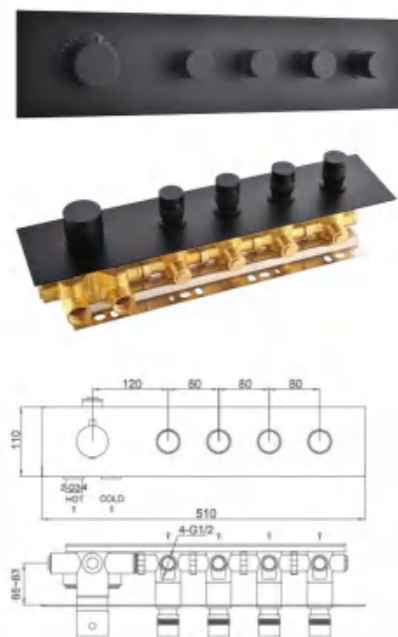

Model No.6431101BN

Thermostatic concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Brushed Nickel

Model No.6431101GB

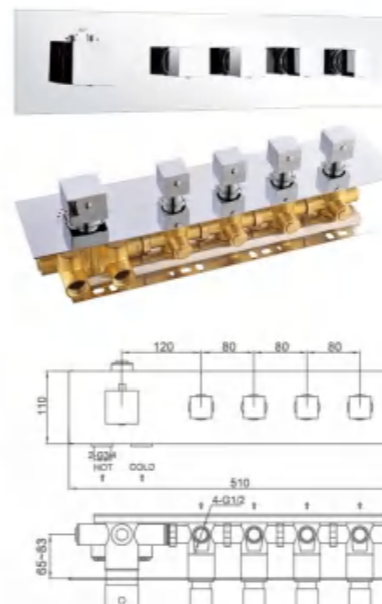

Thermostatic concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Gold

Model No.6431101MB

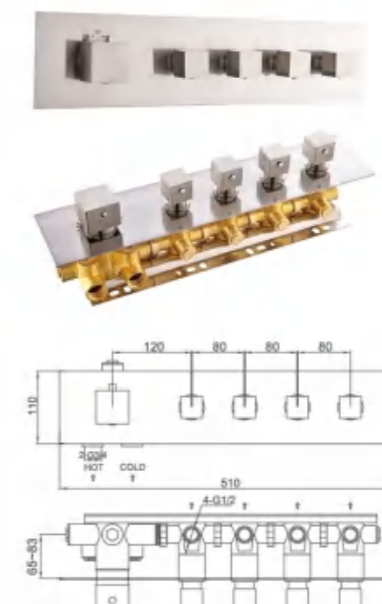

Thermostatic concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Wall-Mounted Control Temperature Shower Valve Series

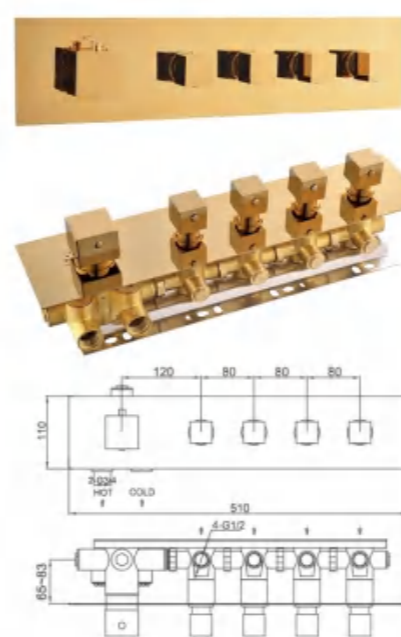

Model No.6431102CP

Thermostatic concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

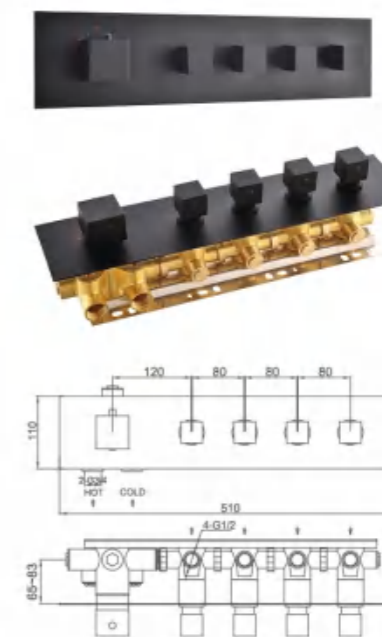

Model No.6431102BN

Thermostatic concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Brushed Nickel

Model No.6431102GB

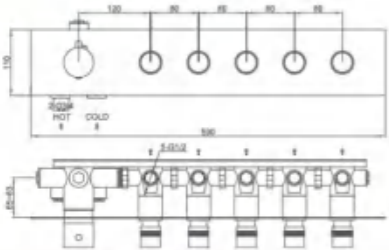

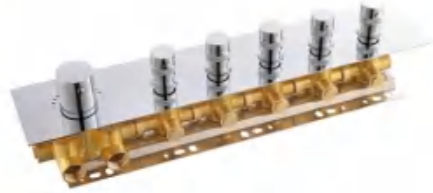

Thermostatic concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Gold

Model No.6431102MB

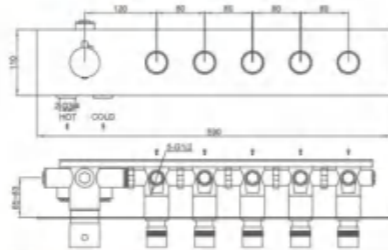

Thermostatic concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Wall-Mounted Control Temperature Shower Valve Series

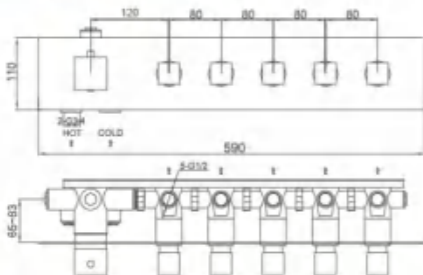

Model No.6531101CP

Thermostatic concealed rain shower valve (5 functions)
 Installation: wall mounted , pre-installed
 Finish: Chrome Plating

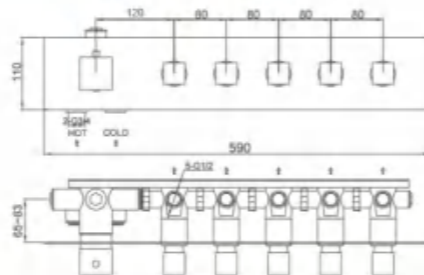

Model No.6531101BN

Thermostatic concealed rain shower valve (5 functions)
 Installation: wall mounted , pre-installed
 Finish: Brushed Nickel

Model No.6531102CP

Thermostatic concealed rain shower valve (5 functions)
 Installation: wall mounted , pre-installed
 Finish: Chrome Plating

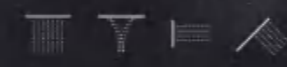

Model No.6531102BN

Thermostatic concealed rain shower valve (5 functions)
 Installation: wall mounted , pre-installed
 Finish: Brushed Nickel

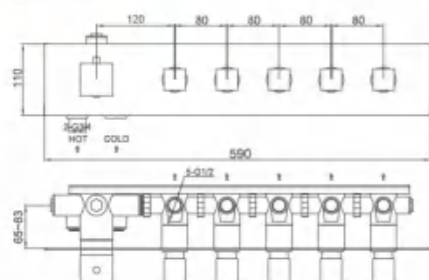

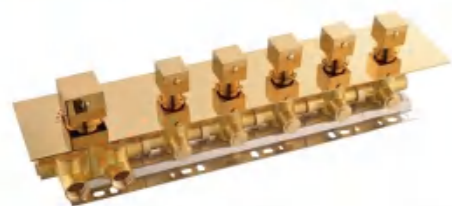

Model No.6433820CP

Wall-mounted Thermostatic rain shower faucet
 Finish: Chrome Plating

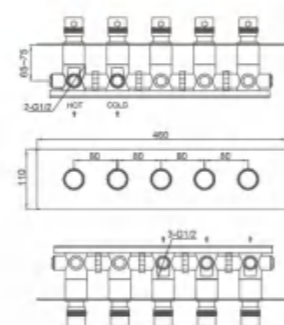

Wall-Mounted Control Temperature Shower Valve Series

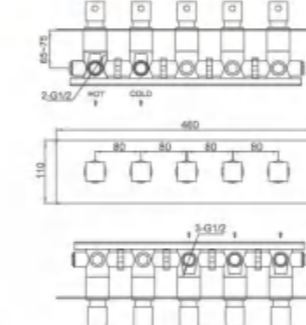

Model No.6531102GB

Thermostatic concealed rain shower valve (5 functions)
Installation: wall mounted , pre-installed
Finish: Gold

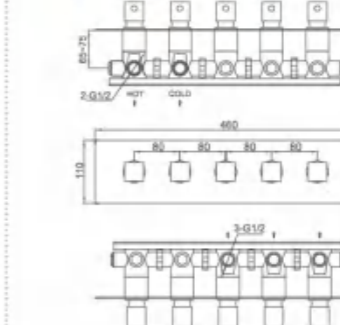

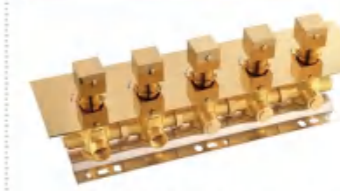

Model No.6333101CP

Control temperature concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

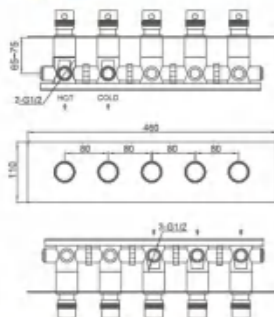

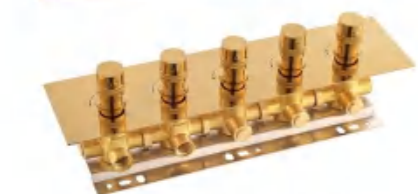

Model No.6333102CP

Control temperature concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

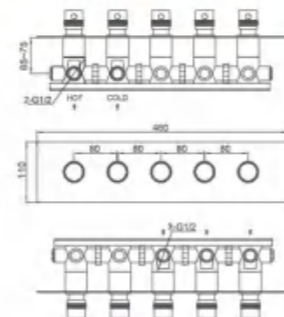

Model No.6333102GB

Control temperature concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Gold

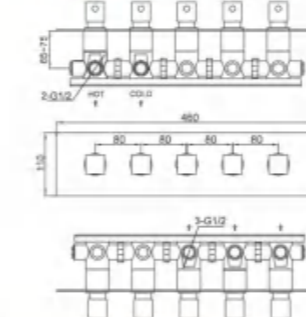

Model No.6333101GB

Control temperature concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Gold

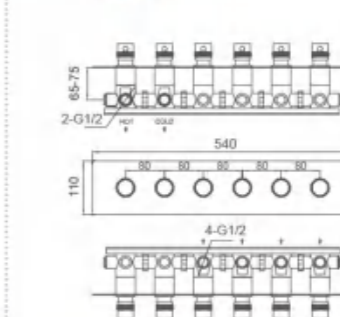

Model No.6333101MB

Control temperature concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Model No.6333102MB

Control temperature concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

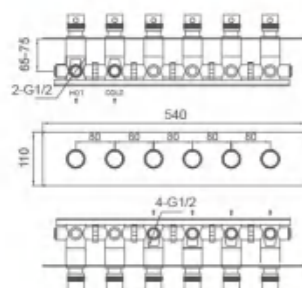

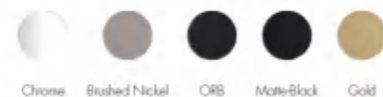

Model No.6433101CP

Control temperature concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

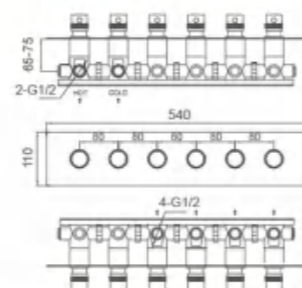

Wall-Mounted Control Temperature Shower Valve Series

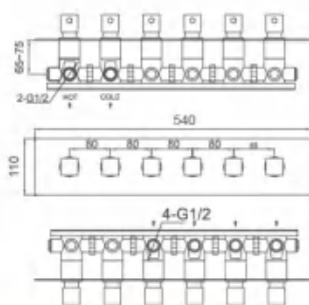

Model No.6433101MB

Control temperature concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

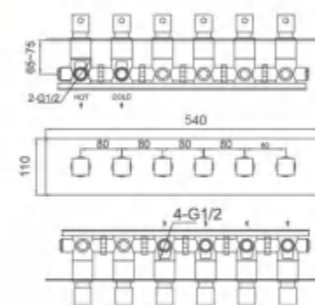

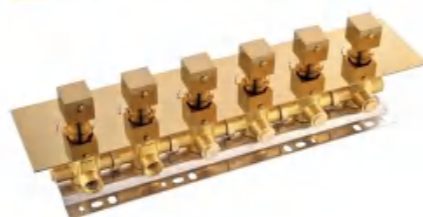

Model No.6433101GB

Control temperature concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Gold

Model No.6433102MB

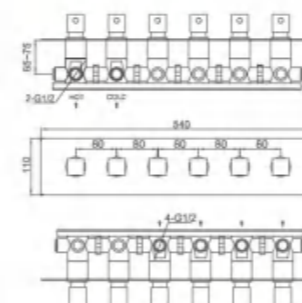

Control temperature concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Matte-Black

Model No.6433102GB

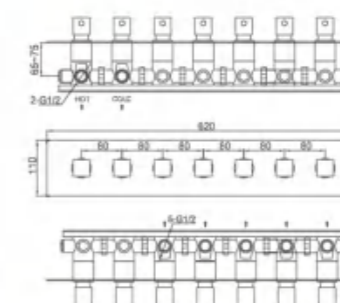

Control temperature concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Gold

Wall-Mounted Control Temperature Shower Valve Series

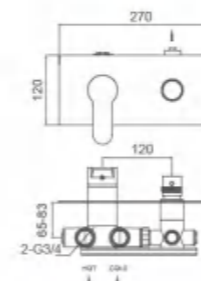

Model No.6433102CP

Control temperature concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

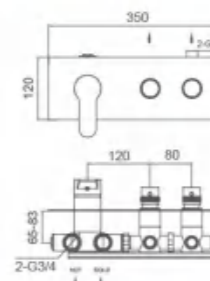

Model No.6533102CP

Control temperature concealed rain shower valve (5 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6136001CP

Control temperature concealed rain shower valve (1 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6236001CP

Control temperature concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Wall-Mounted Control Temperature Shower Valve Series

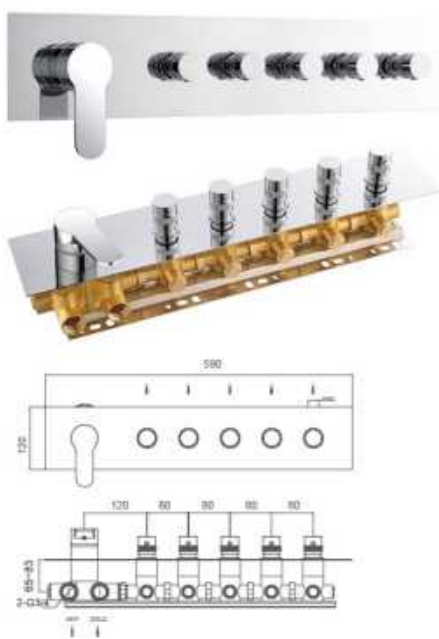

Model No.6336001CP

Control temperature concealed rain shower valve (3 functions)
 Installation: wall mounted , pre-installed
 Finish: Chrome Plating

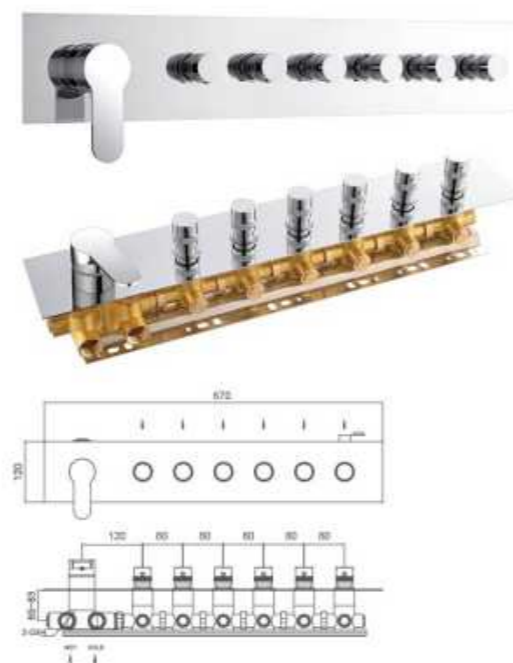

Model No.6436001CP

Control temperature concealed rain shower valve (4 functions)
 Installation: wall mounted , pre-installed
 Finish: Chrome Plating

Model No.6536001CP

Control temperature concealed rain shower valve (5 functions)
 Installation: wall mounted , pre-installed
 Finish: Chrome Plating

Model No.6636001CP

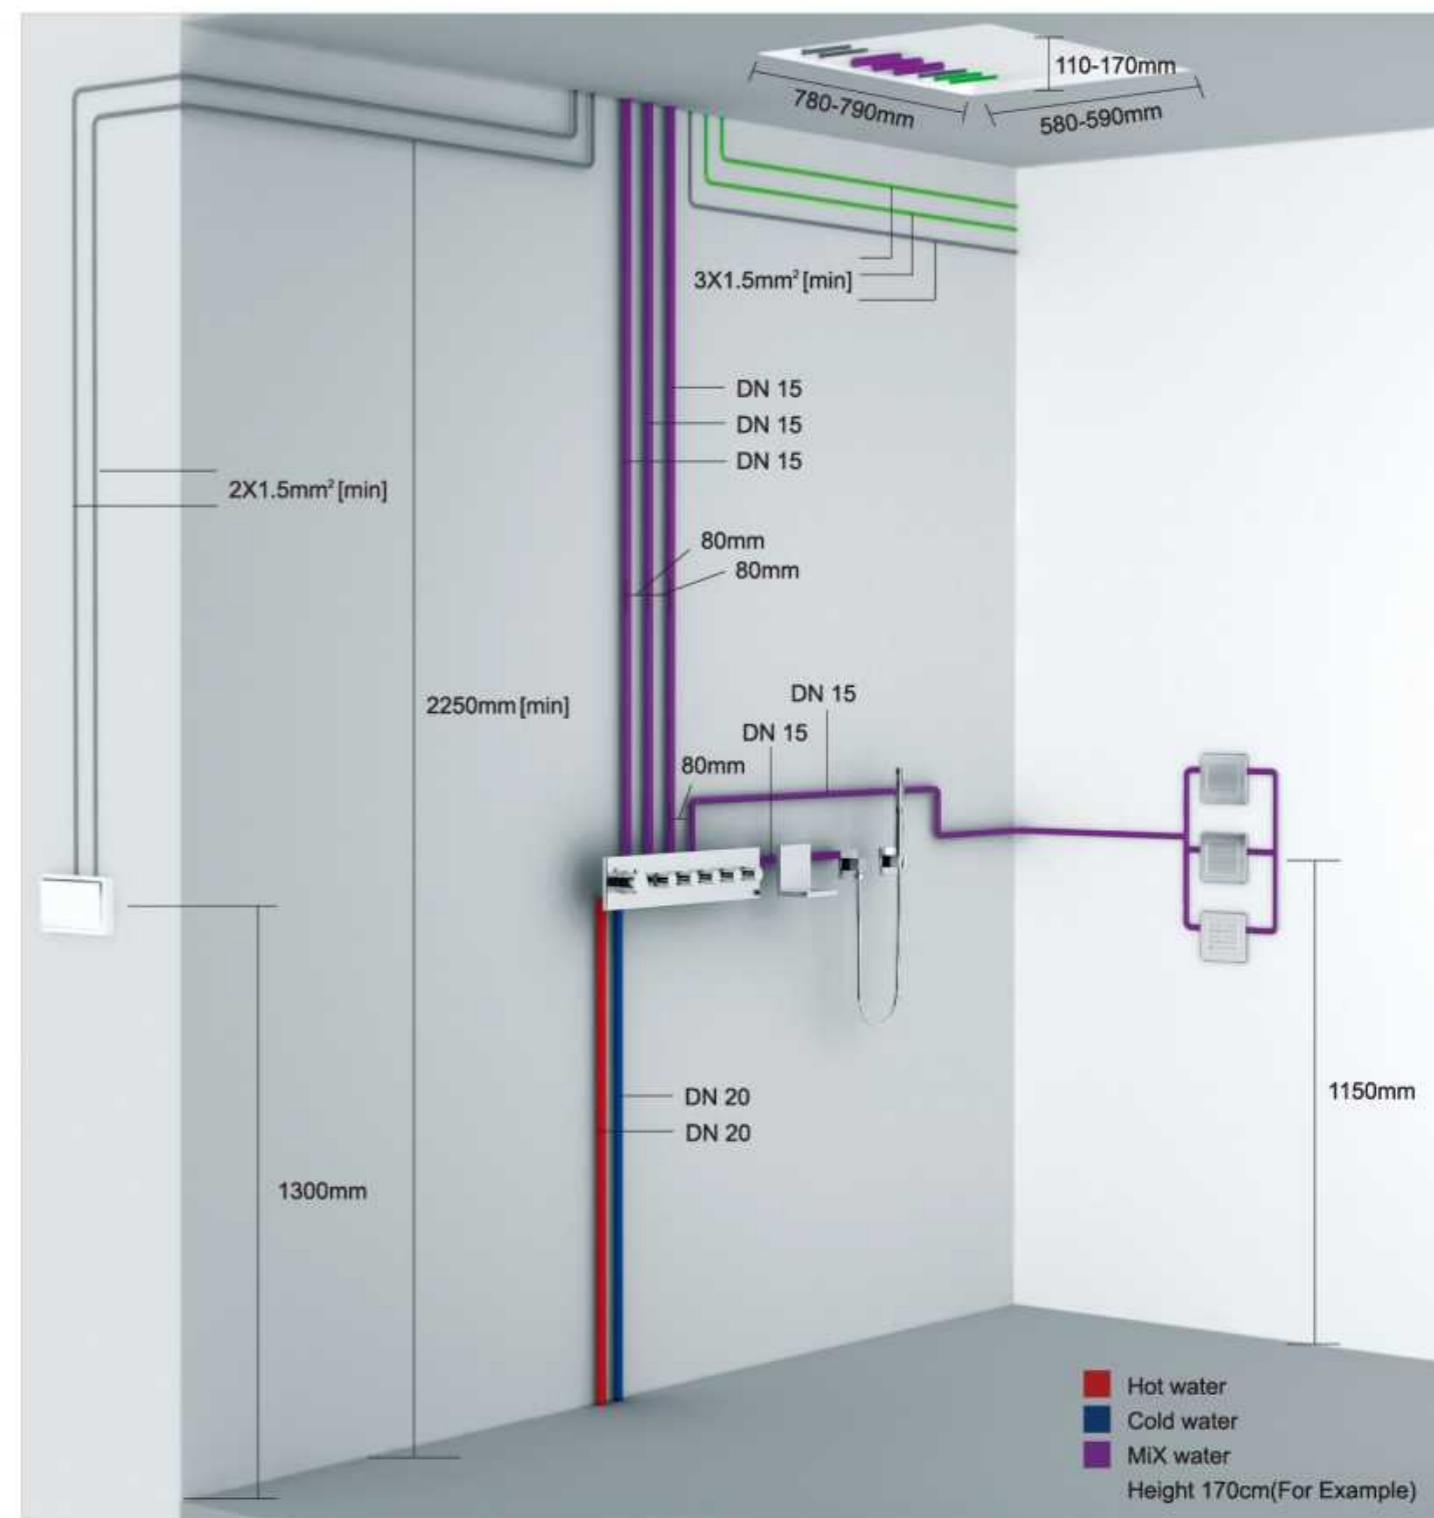

Control temperature concealed rain shower valve (6 functions)
 Installation: wall mounted , pre-installed
 Finish: Chrome Plating

PROJECT CASE

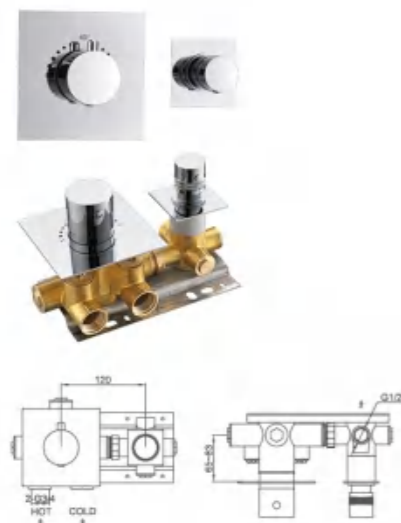

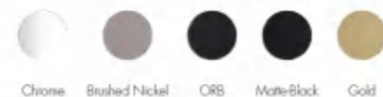

Project Condition

Requirements of bathroom

- 1.Wet and dry area must be separated and the electronic switch should must be installed in dry area.
- 2.The area of bathroom should be watertightness and decorated by antiskidding tile.

Wall-Mounted Thermostatic Rain Shower Valve Series

Model No.6130101CP

Thermostatic concealed rain shower valve (1 function)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6230101CP

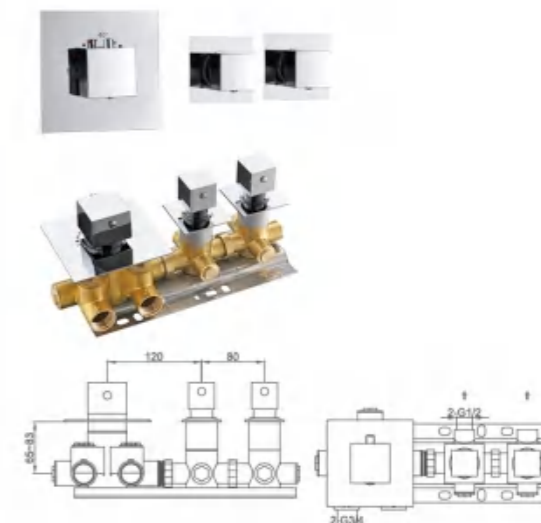

Thermostatic concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Wall-Mounted Thermostatic Rain Shower Valve Series

Model No.6130102CP

Thermostatic concealed rain shower valve (1 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

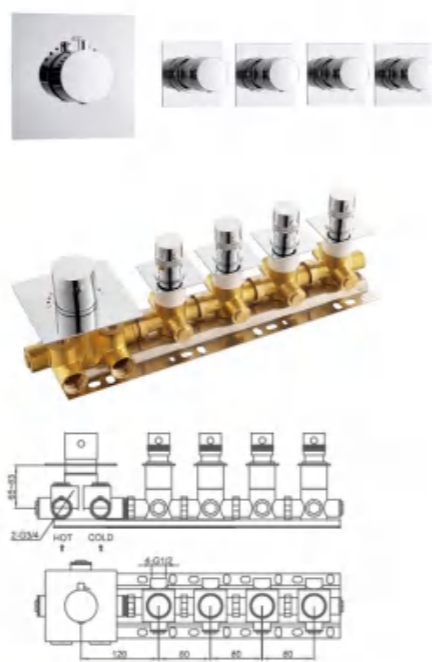

Model No.6230102CP

Thermostatic concealed rain shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6330101CP

Thermostatic concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6430101CP

Thermostatic concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6330302CP

Thermostatic concealed rain shower valve (3 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

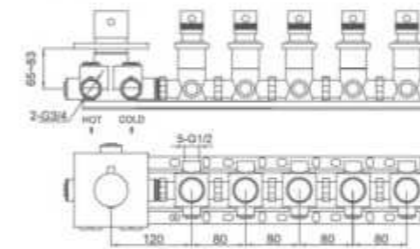

Model No.6430102CP

Thermostatic concealed rain shower valve (4 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

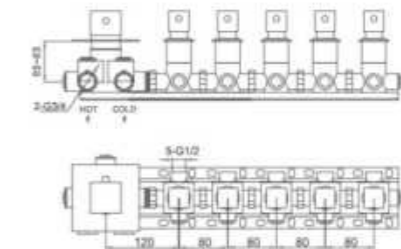

Wall-Mounted Thermostatic Rain Shower Valve Series

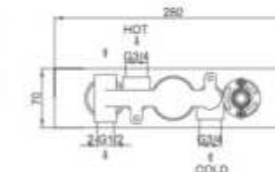

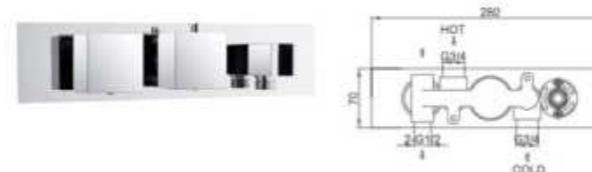

Model No.6530101CP

Thermostatic concealed rain shower valve(5 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

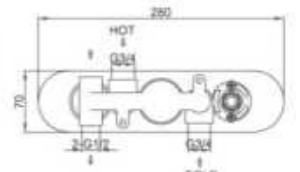

Model No.6530102CP

Thermostatic concealed rain shower valve (5 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6250102CP

Thermostatic concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating

Model No.6251101CP

Thermostatic concealed shower valve (2 functions)
Installation: wall mounted , pre-installed
Finish: Chrome Plating
